المجلس الإسلامي
Islamic Council

22 December 1994

His Majesty King Hussain bin Talal

Your Majesty,

Assalaam Alaikum wa Rahmatullah wa Barakatuhu.

Encouraged by the vivid memories of numerous past occasions in the exercise of your royal preogative for dispensing clemency with a high sense of compassion for fellow men and regard for human life and suffering, I appeal for your kind indulgence towards the eleven persons whom the State Security Court of Jordan has sentenced to death, and the fourteen others who are facing terms of imprisonment. All these are persons of proven commitment to the service of Islam. They staked their lives in the long and arduous struggle to vindicate the freedom of Islam from the godless Soviet occupation of Afghanistan.

Your Majesty's grant of clemency releasing these sons of Islam from the dire prospects which face them will be a well merited act of generous judgement.

May the guidance of Allah the Beneficent lead you to the ever successful path of righteousness, and it is my fervent hope that this appeal for your grant of clemency will receive due consideration with the urgency it deserves.

I take this opportunity also to wish you a long life of happiness, health and success in the New Year.

Yours sincerely,

Salem Azzam
